

Quantum Edge® Elite forms a frame around our Bolsa® unit, providing superior edge support, delivering a consistent sleep surface, and reducing that roll-off feeling.

- **Quantum Edge® Coils** – A reinforced perimeter, made up of narrow-diameter Quantum® coils, that frames the sides, delivers a consistent sleep surface, and reduces that roll-off feeling.
- **Bolsa® Coils** – Provide an even surface that absorbs partner movement and prevents sleepers from rolling together.
- **Pre-Compressed Coils** – Create a firm surface that makes the unit more responsive to body movements.
- **Stress-Relieved Wire** – Holds its shape and provides a durable, consistent sleep surface.
- **Packable and Shippable** – Can be compressed, folded, and rolled.

Product Name	Coil Height	Coil Count*	Center ILD	Edge ILD
